3 October 1955

Dear Kelly:

When I last saw you on the 26th we discussed certain communication problems and I indicated to you that I felt we would have to shift to a different type of equipment than that currently in use. You may remember that you inquired of several individuals on your Company's staff who reported that the equipment which we now propose to us is turning in a satisfactory performance in other uses of which they have knowledge.

25X1A As the follow up to this conversation, I am having two sets of ARC/34 UHF radios made available to you as soon as possible for pick up Would you please have one of your people work out a schedule of your continuing needs for these items and mail it to me as soon as possible in order that we might include it in the normal GFAE deliveries.

Best personal regards.

Very sincerely yours,

SIGNED
Dick
